WAVE RO WATER PURIFIER

We have an experience of 23 years in manufacturing water purifiers. We have been in this industry since 1999. Our proudest accomplishment is the large number of long term clients who put their trust year after year in us.

Our MD, Mr. Sarwan Singh has been closely involved with all types of water purifiers. His consistent faith in innovations, his hard work and his credentials are well known in the water purification industry. His belief in thorough R&D has led to the birth of various quality products in the market like, auto tds controller water purifier, hot & cold water purifiers with auto tds controller, ro + ionizer with mobile app, compact commercial systems and many more.
